### Choose Class for your child

#### Village (Birth to 18 months)

In a Kindermusik Village class, we take those special bonding moments between you and your baby and add in a unique blend of musical learning activities that stimulate and engage all of the senses. Your educator will teach you how to encourage your baby's learning through vocal play, object exploration, instruments, and creative movement.

#### Our Time (18 months—3 years)

Kindermusik Our Time encourages her to be creative, to initiate her own ideas and to respond in her own ways, while your active participation gives her the security she needs. As you play instruments, sing, move, and explore, you'll uncover an engaging musical world while building your child's confidence, self-control and communications skills.

#### Imagine That (3 years—5 years)

Using the power of music, Kindermusik's Imagine That! taps into your preschooler's creative spirit and boundless energy and focuses on developing his learning strengths and self-confidence so he'll be ready for school, prepared for future music lessons...or able to leap tall buildings.

#### Young Child (5 years—7 years)

The program is designed to prepare the young child who is eager for first experiences with musical symbols and instrument discovery but is not yet ready for formal lessons and traditional music reading with an instrument.
